

2023 Tasmanian Track & Field State Team Selection Policy – Australian Junior Championships (Brisbane)

Prelude:

As the new chairman of selectors, my aim is to create a qualifying system that is easy to understand, and to eliminate as many grey areas as possible. In the past athletes that have placed in the top 3 at state championships but have not achieved the entry standard (AA Q) have been selected at the discretion of the selectors. To give this process a little more clarity, I have taken the time to research results over the last 5 championships to find out what the average result is to create a “B Qualifier”. There is quite often instances where a standard below the AA Q places inside the top 8 or in the top 50% of the field, The B Qualifier has been put in place to attempt to give athletes another chance to qualify. Not all events will have a B qualifier as a majority of standards will generally see athletes placed midfield. For fields that have had 18 or more competitors, the result was taken from the 50th percentile, fields with 12 to 17 athletes had the result taken from 8th, and for fields with 11 competitors or less, the result was taken by discretion. The B qualifier has been set at a performance that would have achieved a “Top 8 or Top 50%” in at least 3 of the past 5 championships.

Ways to qualify for the 2022 Australian Junior track and field championships:

- Automatic selection by achieving the Athletics Australia Entry Standard (AA Q)
- Achieve the Athletics Tasmania B Qualifier (B Qual) and place top 3 in the age group at the Tasmanian junior championships.
