2025 Girl Guides Australia National Jamboree
Confirmation of Attendance

Dear **Kirsten**,

We are pleased to confirm that four members of the Cormiston Girl Guides of Legana will be attending the Girl Guides Australia (GGA) Bush 2 Beach National Girl Guide Jamboree, scheduled to take place from Sunday, 28 September to Sunday, 5 October 2025, at Murwillumbah Showground on NSW's North Coast and representing Girl Guides Tasmania (GGT).

A National Girl Guide Jamboree aims to empower girls by developing leadership, teamwork, and personal growth through adventurous activities and community building. It provides a supportive environment where girls can challenge themselves, make friends, and develop essential life skills while learning about global citizenship. The event encourages girls to thrive, learn, and have fun while becoming confident and active members of their communities.

The youth attendees from Legana are:

Gemma Plowright (Age 16)

Lucy Hansen (14)

They will be accompanied by two adult leaders (volunteers) from their unit:

Hollie Schnierer (23)

Kirsten Howard (25)

Costs for youth participants is \$1650 and for adult leaders is \$900. These costs must be paid by the participants themselves and can be supported by sponsorships or grants.

We are truly excited about this opportunity for our members to participate in the GGA National Jamboree, as it promises to be an enriching experience that will enhance their personal growth.

During the event, they will develop new skills through various activities and workshops, building confidence and resilience. The Jamboree will also help them build independence by taking on new challenges and responsibilities, making them more self-reliant and self-assured. Additionally, they will establish lasting friendships with girls from different backgrounds, creating a supportive network that extends beyond the event.

This experience will be both enjoyable and beneficial, equipping our members with essential life skills for the future.

Please feel free to contact me if you require any further information.

Yours sincerely,

Linda Durran, State Commissioner and Katrina Spark CEO
Girl Guides Association Tasmania
